

# BUTTON STARFISH

*Paper      Scissors      Paints & Brushes (optional)*  
*Buttons or other small items for texture*

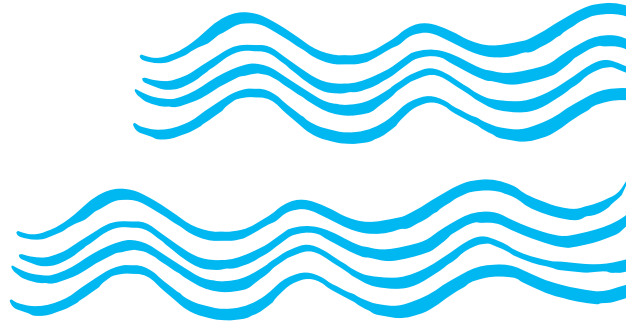

- 1** If using paint, line your work area with some old newspapers/something to catch the paint.
- 2** Draw a starfish shape on the plate and have your child cut along the outline!
- 3** Give the kid/s a brush and have them paint their starfish. Use markers/crayons/colored pencils if skipping the paint step.
- 4** While waiting for your starfish to dry, scan the QR code below (by opening your camera app on your phone) to enjoy a starfish story read-along!

# BUTTON STARFISH

*If you're enjoying our digital craft catalog, be sure to send us your finished projects through Facebook or by email at [jplstaff2@gmail.com](mailto:jplstaff2@gmail.com) to be featured on our website.*

- 5** After your starfish dries, pick things that will give it a fun texture (like bumpy or rough). Buttons, sequins...the options are endless. Crumple up some scrap paper real tight and glue it on to make "barnacles"!
- 6** Glue on your items..and wait for your starfish to dry.
- 7** Good job! Pick a place to put your new friend and start your very own aquarium "touch tank!"
